

Horuscope: See Beyond Scent

Horuscope is a contemporary fragrance and beauty brand inspired by the mystery of ancient Egypt and the vastness of the cosmos. The brand reimagines these influences through a modern luxury perspective, creating a distinctive world where heritage, beauty, curiosity, and discovery come together. It is built for those who appreciate sophistication but are drawn to the unfamiliar, offering an experience that feels mysterious, confident, timeless, and uniquely expressive. Beginning with fragrance and designed to evolve into cosmetics, skincare, personal care, and other beauty categories, it seeks to make every encounter with the brand feel like a discovery, where the ancient meets the contemporary and the mysterious becomes personal.

Logo Rationale

The HORUSCOPE brand mark is a symbolic fusion of **vision, life, elevation, and celestial discovery**, bringing together key elements from the brand's Egyptian and cosmic inspiration. At the centre, the **Eye of Horus** serves as the primary focal point, representing vision, awareness, and protection. The **Ankh** forms the structural core of the mark, symbolising life and continuity, while the **wings** extend outward to suggest freedom, elevation, and aspiration. Above the Ankh sits a **ringed planet**, introducing the celestial element and reinforcing the brand's connection to exploration, mystery, and the unknown. Together, these elements are simplified into a balanced emblem that feels distinctive, luxurious, and contemporary without losing the symbolism behind the concept.
